EXPERIENCE

Bankers Healthcare Group, Syracuse, NY — Front-End Developer II

FEBRUARY 2020 - PRESENT

- Responsible for building and supporting all public-facing BHG websites
- Host of bi-weekly Front-End meetup group within the organization
- Created a component framework to increase code and branding consistency, utilizing Azure Artifacts (Private NPM Repo), variable and mixin-driven Sass, Web Components, and Storybook for testing
- Works in Sass, HTML, Vanilla JavaScript, Vue Framework and Symfony Framework

SIDEARM Sports, Syracuse, NY — Front-End Web Developer

SEPTEMBER 2018 - FEBRUARY 2020

- Responsible for integrating collegiate athletic sites for a variety of schools, creating fully responsive UIs for clients to take over after a site launches
- Responsible for ensuring all websites are AA ADA Compliant.
- Works in a fast-paced, challenging environment, with a four-day integration period per site
- Facilitated Toastmaster-inspired public speaking training to all SIDEARM developers
- Worked with HTML/LESS, JavaScript/jQuery, KnockoutJS, Vue Framework

AXA, Syracuse, NY — UX Developer

DECEMBER 2014 - SEPTEMBER 2018

- Front-end UI / Angular development lead for a scrum team, delivering digital tools for AXA clients
- Responsible for maintaining brand standards across all deliverables
- Worked with Angular 5 Framework, HTML/CSS, JavaScript
